

February 21, 2008

I am Tony Brown owner of Tony's Bar-B-Q and have been a member of this community since September of 2004. I had previously opened my catering truck on the corner of Jeans Rd. and Territorial Rd. in Nina's Espresso, Inc. lot and the community was very welcoming to my business. I then moved my business to Eugene. I am now requesting permission to once again open my catering truck on the corner of Jeans Rd. and Territorial Rd. in Nina's Espresso, Inc. lot which is more convenient for us as we reside here in the Veneta community.

We offer a wide range of foods and catering services. All foods will be prepared onsite. Our unit is self contained and we will be disposing our grey water at a RV dumpsite and our garbage will be disposed of properly. Adequate pedestrian, bicycle access and parking is provided. There will be no congestion or interference with the other businesses around us. All necessary permits have been obtained through Lane County and we are fully licensed and insured.

We are looking forward to once again serve our neighbors in Veneta's Community.

Thank you for your time and consideration in this matter.

Sincerely,

A handwritten signature in cursive script that reads "Tony Brown".

Tony Brown,  
Tony's Bar-B-Q
